Cash on Delivery Fee for M2 Documentation

Charge extra fees for cash on delivery payment method. MageGadgets' Cash on Delivery extension comes with many options. It is easily manageable from admin. Check below features of this extension.

Features:

1. Cash on Delivery availability with extra charge
2. Set different cash on delivery charge for different customer groups.
3. Import and Export Fee rules using csv files.
4. Add/delete rules from magento's default admin grids and form.
5. Fixed and percentage charge both available.
6. Set limit for minimum amount of order.

How it works?

This extension works in two ways.

1. You can import csv file. [Click here](#) to download sample csv file.
2. Go to Admin -> MageGadgets -> Cash on Delivery Fee. You will see add new fee option.

So basically this extension creates rules for cash on delivery fee. You can edit/remove any rule from the admin. There are screenshots available here for easy understanding.

3. admin configuration

The screenshot shows the 'Configuration' page in the Magento Admin interface. On the left sidebar, the 'Payment Methods' menu item is highlighted with an orange box. The main content area displays the configuration for 'Cash On Delivery - Magegadgets', which is identified as a payment module by Magegadgets. The configuration includes several fields: 'Enabled' (set to 'No'), 'Title' (set to 'Cash on delivery'), 'New Order Status' (set to 'Pending'), and 'Payment from Applicable Countries' (set to 'All Allowed Countries'). A list of countries is visible under 'Payment from Specific Countries', including Argentina, Armenia, Aruba, Australia, Austria, Azerbaijan, Bahamas, and Bahrain. A 'Save Config' button is located in the top right corner.

This screenshot shows the advanced configuration options for the 'Cash On Delivery - Magegadgets' payment method. The 'Payment from Specific Countries' list is expanded, showing a scrollable list of countries including Austria, Azerbaijan, Bahamas, Bahrain, Bangladesh, Barbados, and Belize. Other configuration fields include 'Minimum Order Total' and 'Maximum Order Total', both with a note to 'Leave empty to disable limit'. There are 'Export' and 'Import' buttons; the 'Export' button is labeled 'Export CSV', and the 'Import' button is labeled 'Choose File' with the text 'No file chosen' and a note 'Rules table is empty'. A red warning message states 'Old rules will be deleted in new import process'. The 'Sort Order' is set to '100'. A 'Save Config' button is visible in the top right corner.

4. Import / Export CSV:

The screenshot shows the 'Configuration' page for Import/Export rules. The left sidebar contains navigation icons for Dashboard, Sales, Catalog, Product Attachment, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area includes a 'Save Config' button in the top right, a dropdown menu for selecting a region (currently showing 'American Samoa'), and input fields for 'Minimum Order Total' and 'Maximum Order Total', both with a note 'Leave empty to disable limit'. Below these are 'Export' and 'Import' buttons. The 'Export' button has an 'Export CSV' sub-button. The 'Import' button has a 'Choose File' sub-button and a status 'No file chosen'. A message below the import button states 'You have 2 rule(s) configured' and 'Old rules will be deleted in new import process'. A 'Sort Order' field is set to '100'. Three orange callout boxes provide instructions: 'bulk Import rules by uploading csv file directly.' points to the Import button; 'Available rules count will be also visible below import button.' points to the 'You have 2 rule(s) configured' message; and 'Export existing rules in csv format' points to the Export CSV button.

5. Menu in admin:

The screenshot shows the admin dashboard. The top left sidebar has a 'Menu Icon' callout pointing to the 'MAGEGADGETS' menu item. A dropdown menu is open, showing 'MageGadgets' and 'Cash On Delivery Fee'. The main dashboard area includes a yellow system message: '...have been reset because of a change to their xml configs.' and 'System Messages: 1'. There is a search icon, a notification bell with '2', and a user profile 'admin'. A 'Reload Data' button is visible. Below, there is a 'Go to Advanced Reporting' button. A section for 'Chart is disabled. To enable the chart, click here.' is followed by a table with columns: Revenue (0.00), Tax (0.00), Shipping (0.00), and Quantity (0). At the bottom, there are tabs for 'Bestsellers', 'Most Viewed Products', 'New Customers', and 'Customers'. A message at the very bottom says 'We couldn't find any records.'

6. admin grid

One or more integrations have been reset because of a change to their xml configs. System Messages: 1
